PROFESSIONAL SUMMARY

I'm Tanish from Rewari, Haryana

EDUCATION

Bachelor of Technology (Computer Science)	2024 - 2028
Newton School of Technology, Rishihood University	Grade: Pursuing
Intermediate (Class XII)	2022 - 2023
Navyug Convent School	Grade: 74.0%
Matriculation (Class X)	2020 - 2021
R.P.S Public School	Grade: 91.8%

EXPERIENCE

MRA	January 2025 - Present
Aaditya Birla Capital	<i>Sonipat</i>
Helped clients with wealth planning, insurance mapping, and long-term financial safety. Closed policies worth Rs.1L+ and becoming the MRA.	

PROJECTS

Zomato Restaurant Analytics (Github)	April 2026
Tech stack used - Python, Pandas, NumPy, Data Cleaning, Exploratory Data Analysis, Statistical Analysis, Machine Learning, Tableau.	
Analyzed 51,000+ restaurant records to identify key factors affecting customer ratings, engagement, and pricing behavior.	
Performed data cleaning and preprocessing by handling missing values using median and group-based imputation, and standardizing inconsistent data.	
Engineered features like pricing segments, engagement indicators, and digital readiness to improve analysis and insights.	
Conducted exploratory and statistical analysis to uncover patterns such as skewed engagement and the positive impact of online ordering and table booking.	
Segmented restaurants into Budget, Mid-market, and Premium groups and built a Tableau dashboard to deliver actionable insights for business growth.	
Road Accident Analytics – Infrastructure Stability (UK) (Github)	February 2026
This project analyzes 10,000 UK road accident records to identify structural and predictable risk patterns affecting public road safety. Using spreadsheet-based analytics and an interactive dashboard, raw accident data is converted into actionable insights for infrastructure planning and safety decision-making.	

SKILLS

Computer Languages: TypeScript, NoSQL, HTML, CSS, JavaScript, Python, SQL
Data Tools: PostgreSQL, Power BI, NumPy
Software Packages: Pandas, Windows, Tailwind, Next.js, Tailwind CSS, Next JS, Prisma ORM, React, Node.js, Excel, Express JS, MySQL, MongoDB
Soft Skills: Team Building, Time management, Decision-making, Creativity, Teamwork, Responsibility
Others: Git and Github, UI/UX, Analytics, GenAI, OAuth 2.0, Tableau

EXTRA-CURRICULAR ACTIVITIES

- Sports - College Basketball Team Captain, Won Multiple intercollege Basketball tournaments.
- Team Building and Management.
- Financial Planning and Wealth Creation
- College Tech Fest Organizing committee member.
